SUMMARY

Talented and energetic collaborator with a desire to get more up-to-date on new technologies faster and more to work hard in a fast-paced environment. Have a keen insight into what it takes to run a successful project because I have taken part in different successful projects from startups to multi vendors.

EXPERIENCE

Senior Full Stack Developer

Liberty IT

📅 01/2022 - 02/2023 📍 BELFAST, UK (Remote)

- Designed and implemented user-friendly web applications using **React.js**, **Angular.js** and **Node.js**.
- Developed Backend systems, using **Python** and **Node.js** integrating with **MongoDB** and **MySQL** databases.
- Optimized the ERP platform for **scalability and performance**, using techniques such as server-side rendering and caching to **improve load times**.
- Developed a **robust testing framework**, using **Jest** and **Enzyme**, to ensure the platform was functioning as expected and to **catch any potential bugs** before they reached the end-user.
- **Collaborated with cross-functional teams** to identify and implement innovative solutions to complex problems.
- **Mentored junior developers**, providing guidance and support to help them grow and succeed.
- Participated in **code reviews** and provided constructive feedback to ensure high-quality code.

Full Stack Developer

InstaCoin Ltd

📅 05/2020 - 08/2021 📍 St Julian's, Malta (Remote)

- Worked on various networks including **Ethereum**, **Solana**, **Polygon**.
- Developed and deployed 10+ **NFT** minting/staking platforms.
- Developed token and **DEX** platform on **Ethereum** network.
- Extended the **DEX** platform onto **Polygon**.
- Integrated contract using **web3.js**.
- Developed wrapped token and **DEV** platform using project-serum on **Solana** network.

Full Stack Developer

Teckro

📅 11/2018 - 03/2020 📍 Limerick, Ireland

- Designed and implemented a highly-scalable **ecommerce platform** using **React.js** and **Node.js**.
- Developed **custom payment gateways** and integrated with secure payment providers to ensure seamless checkout experiences for customers.
- **Worked with UX/UI designers** to create intuitive and user friendly interfaces for the ecommerce platform.
- Implemented **real-time data visualization and analytics tools** to provide valuable insights into customer behavior and product performance.
- Developed company procedures and guidelines for **data analysis** and **security** that increased efficiency by 30% in the first 6 months after implementation.

Frontend Developer

Greenfinch Technology

📅 06/2017 - 07/2018 📍 Dublin, Ireland

- Built frontend web application with **React.js**.
- Analyzed client needs and design software solution.
- Built **REST API** with **Node.js**, **Express.js**.
- Worked with other teams for debugging.
- Conducted **A/B Testing** to identify bugs and UI improvements.
- Prototyped an average of **10 new product features** in one year.
- Launched **6 websites** including **2 large business websites**.
